Teema: Invitation to join EU-PROMENS' final conference online

Dear Sir or Madam,

In my previous emails, I informed you about EU-PROMENS, a capacity-building programme on mental health financed by the EU4Health Programme. The programme has completed its exchange programmes, the multidisciplinary modular trainings and the toolkit. The results will be presented at the final conference of EU-PROMENS on Wednesday, 9 December 2026.
It is possible to participate at the conference online. Please share the online registration link with mental health professionals and experts working in the healthcare, social services, education and justice sectors.
Please note that registration for the online participation is open until 30 November.
An AI-based translation will be available for all EU official languages.
Further information is available on the project website or contact me.

Best regards,

Dr. Agnes CZIMBALMOS
Stakeholder Engagement Coordinator
EU-PROMENS
