Teema: RE: Request for information

Dear Mrs Šumskiene,

As we are currently reviewing access to personal data contained in the Commercial Register from a data protection perspective and considering possible changes to the access regime, we are unfortunately not in a position to provide a definitive response to your questions at this stage.

With regard to relevant case law, to the best of our knowledge, there have not yet been any court rulings specifically addressing the publication of personal data in the Commercial Register.

With kind regards,

Subject: Request for information

Dear colleagues,

The State Enterprise Centre of Registers, Lithuania, is currently collecting information about legal frameworks and practices applied by the European Union Member States regarding the publicity and accessibility of data held in Registers of Legal Entities (Companies), as well as the protection of personal data.

In this context, we would highly appreciate your assistance by providing information about the regulations and practices applicable in your country. To facilitate your response, we have prepared a short questionnaire, which is attached to this email.

We would be grateful if you could provide brief answers to the questions and, where possible, refer to the relevant legal provisions currently in force and include links to applicable legislation, guidance, or other publicly available sources.

If the questions fall outside your area of responsibility, we kindly ask you to forward this request to the appropriate colleague or department and inform us accordingly.

If any of the requested information is not collected or available in your jurisdiction, please indicate this in your response.

We would appreciate receiving the completed questionnaire by **4 December 2027.**

Thank you very much for your time, cooperation, and valuable contribution. Should you require any additional information, please do not hesitate to contact us.

Please return the completed questionnaire by e-mail to Edita.Sumskiene@registrucentras.lt with a copy to Grazina.Krec@registrucentras.lt

Kind regards,

Edita Šumskienė
