SUMMER CAMPUS 2027

BUILDING KNOWLEDGE FOR A SECURE FUTURE

6-14 JUNE 2027 | NORTH MACEDONIA

01 OVERVIEW

A multinational educational and training activity bringing cadets and students from partner institutions together for academic learning, practical activities and intercultural exchange.

Hosted by the Military Academy “General Mihailo Apostolski” - Skopje, the campus connects knowledge with responsible action and lasting professional relationships.

02 AIM

To strengthen the knowledge, practical confidence and international cooperation of future security professionals through academic learning, supervised training and intercultural exchange.

03 DATES & LOCATION

6-14 JUNE 2027

Training Centre Pepelishte
Republic of North Macedonia

Programme visits: Skopje and Ohrid

04 PARTICIPANTS

Cadets and officer candidates from military academies and partner institutions. Each delegation includes four cadets and one senior representative (NCO or junior officer).

LEARNING & PROGRAMME

05 PROGRAMME STRUCTURE

01 ACADEMIC LEARNING

Opening ceremony and academic lectures on contemporary security challenges, knowledge, research and responsible cooperation. Lecture titles and speakers are to be confirmed.

02 PRACTICAL LEARNING & TEAMWORK

Ranger games, summer alpinistics and climbing, and chemical, biological, radiological and nuclear (CBRN) defence training. Two platoons rotate through both specialist activities.

03 MILCON 2027

Participants attend the opening of MILCON 2027 and discuss contemporary security challenges, focusing on hybrid threats and the protection and resilience of critical infrastructure.

04 INTERNATIONAL & CULTURAL EXCHANGE

Three national presentation sessions, a visit to Ohrid, shared meals and social activities encourage mutual understanding and professional relationships.

06 LEARNING OUTCOMES

Broader security knowledge; stronger communication, teamwork and problem solving; introductory specialist training; intercultural understanding; and new professional contacts.

07 LEARNING APPROACH

Nine calendar days link academic ideas with practical experience. Learning is reinforced through shared activities and exchange. Participant feedback and instructor observations can inform review.
