New UAV technologies for sovereign security

Dear Mr. Semetkovsky,

Estonian Ministry of the Interior appreciates the opportunity to know more about Czech company Primoco UAV SE profile and its latest unmanned aerial vehicle technologies.

For future procurements, we have forwarded all the updated information about Primoco UAV SE and its contacts to our partners in Police and Border Guard Board, who is the main unmanned aerial vehicle operator in our administrative field.

For further information, they will contact Primoco UAV SE directly.

Yours Sincerely,

Piret Lilleväli
