The International Bureau of the World Intellectual Property Organization (WIPO) presents its compliments and has the honor to draw your attention to the recent publication of the *World Intellectual Property Indicators (WIPI) 2024*.

The WIPI 2024 report is an overview of the use of the intellectual property system around the world and reports 2023 data. In 2023, innovators worldwide submitted 3.55 million patent applications, marking the fourth consecutive year of growth. Industrial design filing also saw robust growth, increasing by 2.8% to 1.52 million designs. However, trademark filing experienced a 2% decline, dropped to 15.2 million. The report additionally includes insights into statistics relating to geographical indications and plant varieties.

An electronic copy of the report is available [here](#). If you would like to receive a paper copy of the WIPI report, please send a request to [chief.economist@wipo.int](mailto:chief.economist@wipo.int).
