

REPUBLIC OF ESTONIA  
MINISTRY OF CULTURE

Ms Anu Viltrop  
CEO  
Estonian Museum Association

09.05.2025 No 12-3/548-1

**Letter of Support**

Dear Ms Anu Viltrop,

Hereby I would like to confirm the strong interest of the Estonian Ministry of Culture with regard to the project **“RE|PRESENT: Equitable representation in cultural institutions”** that will be submitted to the **Creative Europe 2025 Call**.

As **RE|PRESENT** aims to promote inclusive practices and capacity-building within the cultural sector in Europe, with a particular focus on creating the necessary conditions for vulnerable individuals to access leadership positions, this project is of great interest to the Ministry of Culture. As an institution responsible for the cultural policy, we recognise the transformative potential of museums and cultural centres as agents of social change, and we are fully aware of our responsibility to be more open, accessible, and representative spaces for all people, regardless of their background or circumstances.

For these reasons, we are interested in participating in **RE|PRESENT** by making use of the resources, tools, and the digital platform developed within the framework of the project. We would also like to remain informed about the project's progress going forward.

Yours sincerely,

Merilin Piipuu  
Undersecretary for Cultural Heritage
