Dear colleagues at the Ministry of Social Affairs,

The Minister for the Interior and Health of Denmark is planning to host a Nordic Baltic Health Summit on 26 May 2025 in Copenhagen. As part of the preparation for the Danish presidency of the Council in 2025, the Ministry of the Interior and Health of Denmark intends to use the Summit to gain a better understanding of the current political climate, explore shared perspectives, exchange experiences and address important issues such as the pharmaceutical package.

We look forward to engaging in constructive dialogue on the future direction of EU health policy and the current geopolitical challenges affecting the European Union.

For any inquiries regarding the Health Summit, please do not hesitate to reach out. Questions and inquiries can be directed to Frances ODonovan at .

Best regards,
Siri
