

V. EST 28/26

The Embassy of the Argentine Republic presents its compliments to the Ministry of Social Affairs of the Republic of Estonia and has the honour to inform that Dr. Augusto Ittig, Provincial Director of Digital Health at the Ministry of Health of the Province of Jujuy, Argentina, will be visiting Tallinn from 1 to 23 July 2026 and would greatly appreciate the opportunity to meet with representatives of the Ministry of Social Affairs.

Dr. Ittig is a medical doctor with over 16 years of experience in the design, development and implementation of complex Digital Health and Telemedicine projects. His professional background combines high-level public sector management at the provincial level with leadership experience in corporate private healthcare networks, particularly in critical and hard-to-reach environments.

The purpose of his visit is to promote high-level technical exchange, foster international cooperation and gain insight into healthcare technology infrastructures in the Baltic region, which is widely recognized for its leadership in e-Health. Although Dr. Ittig will be travelling in a personal capacity, he is keen to take advantage of this opportunity to engage with representatives of the Ministry of Social Affairs of the Republic of Estonia on behalf of the Province of Jujuy, with a view to exploring replicable models of interoperability, data governance and national teleconsultation platforms. He would also welcome the opportunity to present Jujuy's innovative Tele-Primary Health Care (Tele-APS) model to the Ministry.

The Embassy fully understands that this request is being made at short notice; nevertheless, it would be most grateful if a meeting could be arranged during Dr. Ittig's stay in Tallinn.

The Embassy remains at the Ministry's disposal should any further information be required and would be grateful for the Ministry's kind consideration of this request.

The Embassy of the Argentine Republic avails itself of this opportunity to renew to the Ministry of Social Affairs of the Republic of Estonia the assurances of its highest and most distinguished consideration.
