**Betreff:** Invitation to Submit Proposals for Creation of Carbon Credit

You don't often get email from [jaarek.konsa@rmk.ee](mailto:jaarek.konsa@rmk.ee). [Learn why this is important](#)

Dear all,

I am writing on behalf of the Estonian State Forest Management Centre (RMK), the public agency responsible for managing Estonia's state-owned forests. RMK administers approximately 1.4 million hectares of land, including around 1 million hectares of forest, making us one of the largest forest managers in Northern Europe.

The Management Board of RMK has initiated a process to identify a partner for the development and creation of carbon credits. Further information regarding the invitation to submit proposals and the negotiation process is available at the following link: [RMK Invitation to Submit Proposals for Negotiations on the Creation of a Carbon Credit Financial Instrument » State Forest Management Centre](#)

All relevant documentation can also be found on our official website.

Should you require any further information, please do not hesitate to contact me.

With best regards,  
Jaarek Konsa
