### **Invitation to Visit the Estonian Rescue Board**

Dear colleagues at the General Inspectorate for Emergency Situations,

We would like to extend our sincere gratitude for the warm welcome and generous hospitality you showed us during our visit to Romania last year. It was a truly memorable experience, rich in both professional insights and cultural impressions. We greatly appreciated the opportunity to learn from your expertise, particularly regarding the implementation of the Seveso Directive and the related aspects of land-use planning.

During our discussions, you expressed interest in learning more about Estonia's information systems connected to the Seveso Directive. We are pleased to inform you that you are warmly invited to visit the Estonian Rescue Board. During your visit, we would be delighted to present our information systems and give you a closer look at how Seveso establishments are managed in Estonia.

Please find a preliminary agenda attached to this message. Kindly note that the schedule may be subject to slight modifications.

We look forward to welcoming you to Estonia and continuing our valuable cooperation.

With warm regards,

(digitally signed)

Maret Rannala

Head of Department

Safety Supervision Department
