14.07.2026 No 8-3/ 765-1.

Joint statement

Dear Commissioner Micallef,

On behalf of the undersigned countries, we are pleased to submit the attached joint statement concerning the need to ensure that international sport remains consistent with the fundamental values that underpin the European Union.

At a time when Russia's war of aggression against Ukraine continues to cause immense human suffering, we believe it is essential that sport does not contribute to the normalisation of aggression or the instrumentalisation of sporting platforms for political purposes.

We kindly ask you to take this joint appeal into consideration and look forward to continuing our cooperation on this important issue.

Yours sincerely,

Heidy Purga
Minister
