

Zagreb, 4 March 2026

Dear Deputy Prime Minister,

It is our great pleasure to extend to You an invitation for the 8th Three Seas Initiative Business Forum, to be held in the framework of the 11th Summit of the Three Seas Initiative, hosted by the Republic of Croatia on 28-29 April 2026 in the city of Dubrovnik.

As the Three Seas Initiative enters its second decade, it continues to serve as a dynamic platform for strengthening European connectivity along the North-South corridor between Baltic, Adriatic and Black Sea, enhancing economic resilience, and deepening transatlantic cooperation. Over the past ten years, the Initiative has brought together thirteen EU Member States, four associated participating states, and six strategic partners, confirming its relevance in shaping the geopolitical and geo-economic landscape of our region.

The upcoming Summit will mark an important milestone, providing an opportunity to reflect on the Initiative's achievements and define common strategic priorities for the years ahead. Particular attention will be devoted to strengthening energy security, advancing strategic infrastructure and interconnections, and deepening cooperation with trusted partners committed to securing supply chains and resilient markets.

Your presence as a speaker within the Three Seas Initiative Business Forum on 29 April 2026 at a high-level panel would be a great honour and would significantly contribute to our shared efforts to advance cooperation within the Three Seas Initiative and beyond.

Further details regarding the programme will be transmitted through official channels in due course.

We very much look forward to the possibility of welcoming You to Croatia.

Sincerely,

Tomislav Čorić

**DEPUTY PRIME MINISTER
AND MINISTER OF FINANCE
REPUBLIC OF CROATIA**

Gordan Grlić Radman

**MINISTER OF FOREIGN
AND EUROPEAN AFFAIRS
