

Ministry of Economic
Development and Digitalization
of the Republic of Moldova

Chişinău, 5 April 2024

**Mr. Tiit Riisalo,
Minister of Economic Affairs and Information Technology**

Dear Mr. Riisalo,

It is my pleasure to extend an invitation to join us at **Moldova Digital Summit 2024 - Powering a 100% Digital Tomorrow**, set to take place in Chişinău, on 6 - 8 June 2024, at Chişinău Arena.

This year's theme emphasizes a holistic transformation, aiming for the full integration of digital technologies across government, society, and the economy with talks and expo areas centered around 4 key drivers of a digital society: Government, Business, Skills, and Infrastructure.

The Moldova Digital Summit is one of the most significant national events whose purpose is to bring together key stakeholders from the public and private sectors, locally and internationally, to explore the latest trends and best practices in digital transformation.

The summit is supported by the Prime Minister of the Republic of Moldova, Mr. Dorin Recean, and the backing of the Ministry of Economic Development and Digitalization.

Estonia is a global leader in powering a digital society and we would greatly benefit from its experience. We believe your insights into developing a robust digital infrastructure for the future would be of immense value to our audience. We would be deeply honored if you could share your knowledge and experience during a panel discussion on this topic scheduled for June 6th. The summit Agenda is still being developed.

I sincerely hope you will accept our invitation to participate and lend your insights in delivering transformative change in the public and private sectors to the Moldovan government, business, and society. For additional details on further coordination and registration, the contact person is Mrs. Oxana Rusanovschi (oxana.rusanovschi@mded.gov.md).

Looking forward to welcoming you soon in Chişinău, please accept, Mr Minister, A the assurances of my highest considerations.

Sincerely yours,

Dumitru Alaiba,
Deputy Prime Minister
Minister of Economic Development and Digitalization
