**CONSUMER PROTECTION AND  
TECHNICAL REGULATORY AUTHORITY**

Ignacy Gora  
Office of Rail Transport

/\*Your Ref: 21.03.2024

Our Ref: 27.03.2024 No 1-9/2024/0391

Dear Mr Gora,

The Consumer Protection and Technical Regulatory Authority (Estonian NSA) thanks you for the letter you sent and the introduction of the „Railway ABC Campaign“ program. It was very interesting to see your educational and illustrative materials that you have created to raise awareness about railway safety in Poland.

In Estonia we have a similar railway safety program in use. Our program is coordinated by a non-profit organization Operation Lifesaver Estonia (OLE) - website: <https://ole.ee/en/>. The Consumer Protection and Technical Regulatory Authority is a partner of OLE in promoting railway safety in Estonia.

We wish you success in the field of railway safety in Poland, and please do not hesitate to contact with Operation Lifesaver Estonia (contact person Mr. Tamo Vahemets, e-mail: [ole@ole.ee](mailto:ole@ole.ee)). There is certainly a potential for cooperation, as we all share a common goal: to raise awareness of railway safety.

Yours sincerely,

Kristi Talving  
Director General
