Letter of explanation of legal link between institutions for Joint Action on Implementation of Best Practices in the Area of Mental Health

This letter is to confirm and explain legal link between Ministry of Social Affairs and National Institute for Health Development. The National Institute for Health Development is a government established research and development body under the Ministry of Social Affairs of Estonia, which is collecting, connecting and providing reliable national information from a multitude of sources, related to the health of the Estonian population. Main areas of activities are evaluation and assessment of population health and health determinants, health promotion, organization of public health services and social services, consultations and influence of health policy.

Yours sincerely,

Marika Piske
Secretary General

Encl.

- 1) Statute of Ministry of Social Affairs
- 2) Statute of National Institute for Health Development
