Dear Directors General,
Dear CPC delegates and DPEG members,

Czechia, represented by Directorate General of Fire Rescue Service (HZS ČR), has volunteered for a UCPM Peer Review on their disaster risk management system.

We invite you to propose suitable colleagues as peers: DG ECHO is looking for 4 peers for this review, for participation in the peer review mission and related meetings. Refer to the attached call note for the details which include the topics of the review and the required expertise of peers. In annex you will find a one-pager factsheet as well as the Guidelines with practical information on the process and what will be expected of the peers.

Please observe the dates for travel and availability of the selected peers: 29 January 2026 for a preparatory meeting in Brussels and the review mission to Czechia is tentatively planned for 2-6 March 2026 (with travel, 1-7 March).

Please send candidates to ECHO-CP-PEER-REVIEW@ec.europa.eu - **latest by Friday 21 November 2025.**

If there are any questions please do not hesitate to contact us.

Best regards,

Judith Sørensen / Peer Review Team
