TÄHELEPANU! Tegemist on väljastpoolt asutust saabunud kirjaga. Tundmatu saatja korral palume linke ja faile mitte avada!

Dear Toomas,

As promised, attached find the outline description for the exercise project as introduced last week Friday. The Austrian Fire Service Association gladly **invites a HCP module** to this exercise (FSX planned in September 2023 / TTX in March 2023).
If you need further details I am gladly available.

And with regards to flood and landslide risk assessment (project DARTS) we are in touch with University of Tartu, they are very much interested and we will discuss their involvement in the project. Our contact point is: Robert Aps, robert.aps@ut.ee (Estonian marine institute, University of Tartu)
We would be happy if you could Estonian national CP authority would support their participation by signing the attached letter.

Kind regards,
Christian
