Invitation

Dear Minister of Education Mrs. Anna-Maija Henriksson and Minister of Science and Culture Mrs. Sari Multala, and Minister of Youth, Sport and Physical Activity Ms. Sandra Bergqvist,

I am writing on behalf of the Ministry of Economic Affairs and Communication in Estonia to invite the Ministry of Education and Culture in Finland to support the FinEst Industry Competition.

The FinEst Industry Competition is a project to foster collaboration, innovation, and skill development among the younger generation in various industries in both countries. The competition provides an excellent avenue for raising awareness among young people about the modernity within the industries and fostering an understanding of potential future career paths. The aim is to encourage participants to develop solutions that address real-world challenges.

Partnering between two countries, Estonia and Finland, for a youth industry competition combines both country's well-rounded experience in educational excellence, technological innovation, cultural exchange, and a supportive environment for the development of young talents.

With best regards,

*(signed digitally)*

Andri Haran  
Head of Industry in Ministry of Economic Affairs and Communication
