Letter of support

Dear Sir/Madam,

I, herewith undersigned, Märt Volmer, on behalf of the Estonian Ministry of Culture, Cultural Heritage Department, shows its willingness to support the project proposal **"Museum Impact Network: Advancing Democracy and Social Cohesion through the EU Charter of Fundamental Rights"** submitted in response to the CERV call: **CERV-2024-CHAR-LITI-CIVIC** *Capacity building and awareness raising on the EU Charter of Fundamental Rights*, by NGO Estonian Museum Association as the coordinator.

The Estonian Ministry of Culture considers the project highly relevant and of great interest, particularly because of its focus on strengthening international networks and relationships, better defining the societal role of museums as promoters of democracy and the EU Charter of Fundamental Rights, and enhancing the advocacy capacity of museum umbrella organizations.

Yours sincerely,

Märt Volmer
Adviser, Acting Undersecretary for Cultural Heritage
