Loan of personnel

Dear Mr Ernesto Ottone,

Estonia has taken note of UNESCO's call to lend qualified personnel to UNESCO in order to enhance UNESCO's delivery capacity. We also value the opportunity to enhance our collaboration and to acquire a better knowledge of UNESCO's activities through the loan.

The Ministry of Culture of the Republic of Estonia is willing to loan an expert on cultural heritage for the period of one year, preferably to the Culture and Emergencies Entity in Cultural Sector.

We welcome the opportunity to cooperate with UNESCO and are looking forward to sign a Memorandum of Understanding on the loan of personnel.

Yours sincerely,

Kristiina Alliksaar
Secretary General
