Dear Mrs Leimberg-Pallo,

Through our distributor Norad Oy, we are involved in your procurement procedure for the purchase of a video spectral comparator, the reference for this procedure is 292497.

Although I am fully aware that we are not directly involved as a bidder, I would like to ask you if you would be able to provide us with a status update on the evaluation process of this tender? I am particularly interested to learn when the tender is likely to be awarded.

I am appreciative of any information you can provide.

With best regards,
