On behalf of Erwan Marteil, Head of Unit DG ECHO B.3. – Prevention and Preparedness Capacity Building

Dear All,

It is my pleasure to announce that DG ECHO today, together with its implementing partner, the World Bank Group, launches the UCPM Technical Assistance Financing Facility for Disaster Prevention and Preparedness.

TAFF is a novel technical assistance instrument which aims to support Member and Participating States' technical capacity for disaster prevention and preparedness and to implement the Union Disaster Resilience Goals.

This new facility is DG ECHO's direct response to requests from national disaster risk management authorities to offer fully externally executed support in the area of disaster and climate resilience.

Please be aware that we will organise an **on-line information session on Friday 22 March 2024 from 10.00 to 12.00 CET** via Webex. Interested participants should connect using the following link: <https://ecconf.webex.com/ecconf/j.php?MTID=m497b9ef9bbe647be98d5fcfa8feb23cf>.

Please find attached the cover note and annexes with further information.
