**Invitation to Participate in DTx
New Nordics 2026 Closing Panel**

Dear Lucie Aunan

I hope this message finds you well.

On behalf of the Estonian Ministry of Social Affairs and Tartu Biotechnology Park, we are pleased to invite you to participate in **DTx New Nordics 2026 / Baltic Sea Region Health Informatics Day**, taking place on **26 August 2026 in Tartu, Estonia**.

This year's event will focus on the theme: **"From Ambition to Reality: EHDS Readiness and Clinical Digital Health Challenges in the Baltic Sea Region."** The conference will bring together policymakers, healthcare leaders, researchers, and industry experts from across the Baltic Sea Region to discuss the future of digital health and the implementation of the European Health Data Space (EHDS).

We would be honoured to welcome you as a panellist in the **closing high-level panel discussion**, which will focus on how countries in the region can jointly manage, govern, and implement shared digital health components and advance cross-border collaboration.

Please find the draft programme attached for your reference. We would kindly like to ask whether you would be available to participate in this discussion. If you are unavailable on **26 August**, we would greatly appreciate your recommendation of another suitable representative from your country who could join the panel on your behalf.

We sincerely hope you will be able to contribute to this important discussion and look forward to your response.

Yours sincerely,

(signed digitally)

Nele Labi

Deputy Secretary General for Innovation
