European application „Support and innovative
approach to home care - SIAH” – Call for applications:
Centres of Vocational Excellence
(ERASMUS-EDU-2024-PEX-COVE)

On behalf of the Estonian Social Insurance Board, I, Maret Maripuu, Director-General, am delighted to confirm our strong support for your application to establish Centres of Vocational Excellence.

We firmly believe in the critical need to train a sufficient number of qualified care workers equipped to address the challenges of 21st-century social care. Developing a training system and methodology that effectively meets the sector's needs is paramount.

Therefore, should your application to the European Commission for the SIAH project be successful, the Estonian Social Insurance Board is committed to supporting the project partnership with its extensive expertise. We aim to ensure the project achieves its stated goals and delivers impactful results.

Specifically, we offer our unwavering support to the project partners in dissemination activities. Furthermore, we would be honored to actively participate in project activities, contributing our expertise throughout the process.

We eagerly await your further communication.

Sincerely,

Maret Maripuu
Director-General
