Subject: Request regarding Communication Strategy – Norwegian Parliament

Dear Sir/Madam,
The Norwegian Parliament (Stortinget) is currently developing a new communication strategy for its administration.
As part of this process, we are consulting other European parliaments to gain insight into how they structure and approach their communication strategies. We would therefor greatly appreciate any relevant documentation, guidelines or procedures that you may be able to share with us.
We fully understand that such documents may be for internal use or otherwise not available for sharing.
Should this request be better directed to another colleague or department, we would be grateful if it could be forwarded accordingly.
Thank you very much for your considering our request.
