Kooskõlastuse taotlus Kalana küla Puumetsa kinnistu detailplaneeringule

Hiiu County Council's decision of 16.04.2025, no. 201, initiated the preparation of a detailed planning for the Puumetsa property in Kalana village and published the starting conditions.

The purpose of the detailed planning is to determine the construction conditions for the Puumetsa property, including the maximum allowed building area, the number of buildings, the maximum height, the materials used, the layout of the property, the layout of the roads, the layout of the parking spaces, the layout of the technical infrastructure, and the layout of the other facilities. The detailed planning shall also determine the layout of the property, the layout of the roads, the layout of the parking spaces, the layout of the technical infrastructure, and the layout of the other facilities. The detailed planning shall also determine the layout of the property, the layout of the roads, the layout of the parking spaces, the layout of the technical infrastructure, and the layout of the other facilities.

The detailed planning is prepared by AA Architects OÜ on the basis of the decision of the Hiiu County Council of 16.04.2025, no. 201, and the decision of the Hiiu County Council of 16.04.2025, no. 201. The detailed planning is prepared by AA Architects OÜ on the basis of the decision of the Hiiu County Council of 16.04.2025, no. 201, and the decision of the Hiiu County Council of 16.04.2025, no. 201.
