

**Invitation Letter for the Diplomatic briefing on the economic situation in Ukraine,
November 11, 2024**

Dear Colleagues,

The Institute for Economic Research and Policy Consulting would like to invite you for our regular monthly ‘Diplomatic Briefing’ during which IER experts share their views on the economic situation in Ukraine as well as present the results of recent business tendency survey.

The next Diplomatic Briefing dedicated to a discussion “**Ukraine’s economic situation and challenges in October 2024**” will be held online **via Zoom on November 11, 2024, Monday, from 16:00 to 17:00 Kyiv time (9:00-10:00 EST / 15:00-16:00 CEST).**

In October, the IMF Board approved the fifth review of the Program, which has now updated macroeconomic forecast and financial needs. The positive news of the month were the news on the approval of the EU and the US assistance within ERA. Still, the uncertainty remains high on the distribution of the allocations, which will be discussed during the briefing.

The performance of manufacturing was challenged by Russian missiles and drone attacks on large industrial companies. While there were no planned electricity outages, some companies faced problems with the access to electricity due to damaged electricity transmission. Labour shortages remained one of the top impediments for business development according to the IER business tendency survey.

The IER experts will discuss these and other recent economic trends (including trade developments, monetary policy, inflation, etc), challenges and outlook during the Briefing. Besides, more results of the IER business tendency survey, conducted in September, will be presented.

Speakers:

Oleksandra Betliy, macroeconomic, public finance, social and healthcare expert, IER Leading Research Fellow;

Vitaliy Kravchuk, macroeconomic, monetary policy and financial market expert, IER Leading Research Fellow;

Oksana Kuziakiv, IER Chief Executive, Head of the Center for Contemporary Society studies.

English is a working language of the meeting.

We sincerely hope that you can honor us with your presence.

Please, register for the participation in the Briefings via e-mail to Victoriya Zhovtenko: zhovtenko@ier.kyiv.ua

Diplomatic Briefings represent an exclusive initiative by the IER, thoughtfully tailored to cater to the needs of diplomatic institutions, government entities, and central banks of Ukraine’s international partners. We kindly request your discretion in refraining from sharing this invitation with individuals outside of your respective organizations.

Should you wish to extend this invitation to additional colleagues who would benefit from this discussion, we would appreciate if you would be so kind to provide us with their contact information.

The Institute for Economic Research and Policy Consulting (IER) is a well-known Ukrainian independent think tank established in 1999, focusing on economic research and policy consulting. The IER is a top Ukrainian think tank with internationally recognized expertise almost 20 years of experience in implementing projects on Ukraine's economic development funded by international donor organizations, i.e. SIDA, USAID, UNDP, World Bank Group and others. In 2017 Global Go To Think Tank Index Report the IER is one of the 140 Best Independent Think Tanks out of 6,500 surveyed, it is 49th in "Best Advocacy Campaign" category, 69th as best International Economics Think Tank and 86th best Think Tank in Central and Eastern Europe. The IER has successfully implemented multiple international donors projects related to the field of reform implementation in Ukraine. The IER successfully combines professional analysis with active involvement in public dialogue and advocacy and actively cooperates with Ukrainian national and regional authorities in issues related to strategic planning and policy development as well as policy implementation. The IER has the capacity for grant management and provides re-granting for capacity development to regional civil society organizations and media. The IER financial standing has been secured through projects as well as private contributions.

Kind regards,

Igor Burakovsky,
IER Head of the Board
