To: Fondazione LINKS

Via Pier Carlo Boggio, 61

10138 Torino (TO)

ITALY

Proposal Coordinator: Tiziana Delmastro

TO WHOM IT MAY CONCERN

With the present Letter of Intent, we hereby confirm that **SUPPORTING-ORGANIZATION-NAME** strongly supports the Horizon Europe proposal

RURAL ROAD SAFETY INTELLIGENCE FOR STRATEGIC GOVERNANCE AND RISK REDUCTION

(INSIGHT-RS)

that will be submitted within the HORIZON-CL5-2026-10-D6-09: Road Safety and resilience of rural areas by the **Fondazione LINKS** (Italy) as project Coordinator.

INSIGHT-RS addresses the persistent challenge of **road safety on rural networks**, where **more integrated, scalable and forward-looking approaches** are needed to support effective decision-making. In line with recent developments in Network-Wide Road Safety Assessment methodology, the project promotes a transition towards a more data-driven and risk-informed approach to safety management.

By combining multiple data sources and advanced analytical methods, **INSIGHT-RS** will enable the identification and continuous monitoring of risks across rural road networks, supporting more timely and evidence-based decision-making. This will contribute to improving infrastructure safety, protecting vulnerable road users and strengthening resilience to emerging risks, including those related to climate conditions.

We believe the consortium has the expertise and capacity to successfully achieve the project's objectives and deliver meaningful impact at European level.

We therefore support this initiative and encourage the European Commission to consider it favourably.

Best regards,
