Madrid, december 23 , 2024

His Excellency
Mr. Hanno Pevkur
Minister of Defence
Republic of Estonia

Dear Minister, *Dear Friend*

Following the success of the three previous editions for all participants, the fourth edition of the International Defence and Security Exhibition, FEINDEF 25, will be taking place on 12, 13 and 14 May 2025 at IFEMA in Madrid. The event is organised by the FEINDEF Foundation and enjoys the strong institutional support of Spain's Ministry of Defence.

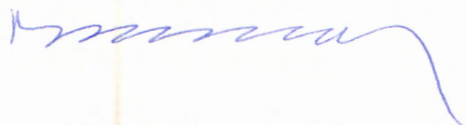

This international exhibition is an outstanding showcase that gives companies the opportunity to exhibit their capabilities and solutions in response to the challenges of the international defence market. It covers the five key defence domains (land, sea, air, space and cyberspace) and has become an essential international meeting place for authorities, companies, research centres and professionals in the defence and security sector.

It is therefore a pleasure for me, as part of our institutional commitment, to extend to you the FEINDEF Foundation's invitation to this fourth edition. I would be honoured if you could accept it, as your participation would certainly strengthen the mutual and beneficial cooperation between our countries.

With a view to facilitating your attendance, the Foreign Support Office (OFICAEX) of the Directorate-General for Strategy and Innovation of the Defence Industry remains at your disposal, and will attend to any queries or requests for additional information that you may have in connection with the organisation of your visit.

I hope to have the opportunity to welcome you personally in Madrid.

Yours sincerely,

Margarita Robles
