

Technical drawing of a sewerage system layout. The top part is a longitudinal profile showing elevation (77.00 to 87.00) and stationing (0+00 to 0+40). It includes a red line for the sewerage line, green lines for the water level, and various manholes (SK1 to SK10). The bottom part is a plan view showing the sewerage line (red) and water level (green) along the route. The drawing is labeled "M 1:50" and "H 1:50".
