**Subject:** Informal submission of draft programmes MFF 2021-2027

Dear Members of the AMIF-ISF Committee,

As announced at the AMIF-ISF Committee meeting on 6 February, in order to approve the programmes shortly after the adoption of the Regulations and to avoid delays in the start of the implementation, the informal programming phase is a very important step in this process.

The informal phase started with the communication of the programming fiches at the end of 2019. As a follow-up, we invite you to start drafting your programmes and **submit a first draft by the end of April 2020**, using the Common Provision Regulation (CPR) programme template (Annex VI – attached). The submission of the draft programmes should be done via SFC2014 as attached documents (through the tab 2021-2027. Please choose as document type “2021.IDP- Informal draft programming document”). We encourage you to be short, simple and strategic when drafting your programmes.

The Commission will provide informal comments on your first draft, which will serve as a basis for bilateral discussions. Moreover, we will have the opportunity to discuss any specific questions you may have during the conference on programming, on 5<sup>th</sup>-6<sup>th</sup> March.
