Dear General Kukula,

It is with sadness that we received information about the deaths of Polish soldiers during exercises in Lubliniec and Tatra Mountains. Fatal accidents during peacetime exercises have a devastating effect on the motivation of fellow service members and also leave a mark on the preparation of wartime units.

Our thoughts are with you, the Polish Armed Forces and the families of the deceased in this time of sadness.

Please accept my deepest condolences.

Sincerely yours,

Andrus Merilo  
Brigadier General  
Deputy Commander of the Estonian Defence Forces
