

中 华 人 民 共 和 国 大 使 馆

Note: 100/2025

The Embassy of the People's Republic of China in the Republic of Estonia presents its compliments to the Ministry of Social Affairs, and with reference to the forthcoming second regular session of the UNICEF Executive Board, has the honor to state as follows:

China is the world's largest developing country with more than 297 million children and adolescents. Facing a profound demographic transformation and the realistic challenge of unbalanced urban-rural regional development which has a significant impact on the development of children, China looks forward to deepen cooperation with UNICEF under the new Country Program with the government of China (2026-2030), so as to jointly improve the well-being of children and advance the 2030 Agenda for Sustainable Development.

We sincerely hope that the Government of the Republic of Estonia, as a member of the Executive Board, will give full consideration to China's sincerity and efforts in achieving the full development of children, and lend the valuable support to the new Country Program with the government of China (2026-2030).

The Embassy of the People's Republic of China in the Republic of Estonia avails itself of this opportunity to renew to the Ministry of Social Affairs, the assurances of its highest consideration.
