

Accreditation Review Summary

Accreditation review outcome:

☒ **Accredit:** Laboratory meets all criteria

Capacity:

- ☒ Virus isolation in cell culture
- ☒ Intratypic differentiation by RT-PCR
- ☐ Sequencing
- ☐ Environmental surveillance

☒ **Provisionally accredit:** Laboratory passed the most recent proficiency test, but needs to strengthen one or more of the remaining criteria (check off relevant criteria):

Capacity:

- ☐ Virus isolation in cell culture
- ☐ Intratypic differentiation by RT-PCR
- ☐ Sequencing
- ☒ Environmental surveillance

☐ **Do not accredit:** Laboratory did not pass the most recent proficiency test and/or did not meet other performance indicators.

Capacity:

- ☐ Virus isolation in cell culture
- ☐ Intratypic differentiation by RT-PCR
- ☐ Sequencing
- ☐ Environmental surveillance
