

novewater

Declaration of Performance

European Parliament Regulation 305/2011

Declaration no.: DOP OS/ES1/2050

Product: (GRP) Fibreglass I class oil separator/ oil-sludge separator/ bypass oil separator/ bypass oil-sludge separator

Use: Light liquate removal from waste water

Producer: Novewater OÜ, Polümeri, Sookaera küla, Kiili Parish, Estonia

Attestation of conformity system: System 4

Declared characteristics :

Main features	Performance	Harmonized standard
Reaction to fire	E	EN 858-1:2002 and EN 858-1/A1:2005
Liquid tightness	passed	
Effectiveness	passed	
Structural stability	passed	
Durability	passed	

02.01.2020, Eesti

Aivar Kirt
Signed for and on behalf of the manufacture

Information accompanying the CE marking

<p>Novewater OÜ Polümeri, Sookaera küla Kiili Parish Estonia 14</p>
<p>EN 858-1 I class oil separator NS 1,5-150 DoP: OS/ES1/2050 Material: Fibreglass (GRP) Reaction to fire: E</p>

Overview of the CE-marked separator systems of oil separators

Product	Nominal size l/s
I class oil separator NS1,5	1,5 l/s
I class oil-sludge separator NS1,5	1,5 l/s
I class oil separator NS3	3 l/s
I class oil-sludge separator NS3	3 l/s
I class bypass oil separator NS3/15	3-15 l/s
I class bypass oil-sludge separator NS3/15	3-15 l/s
I class oil separator NS6	6 l/s
I class oil-sludge separator NS6	6 l/s
I class bypass oil separator NS6/30	6-30 l/s
I class bypass oil-sludge separator NS6/30	6-30 l/s
I class oil separator NS10	10 l/s
I class oil-sludge separator NS10	10 l/s
I class bypass oil separator NS10/30	10-30 l/s
I class bypass oil-sludge separator NS10/30	10-30 l/s
I class oil separator NS15	15 l/s
I class oil-sludge separator NS15	15 l/s
I class bypass oil separator NS15/45	15-45 l/s
I class bypass oil-sludge separator NS15/45	15-45 l/s
I class oil separator NS20	20 l/s
I class oil-sludge separator NS20	20 l/s
I class bypass oil separator NS20/60	20-60 l/s
I class bypass oil-sludge separator NS20/60	20-60 l/s
I class oil separator NS25	25 l/s
I class oil-sludge separator NS25	25 l/s
I class bypass oil separator NS25/75	25-75 l/s
I class bypass oil-sludge separator NS25/75	25-75 l/s
I class oil separator NS30	30 l/s
I class oil-sludge separator NS30	30 l/s
I class bypass oil separator NS30/90	30-90 l/s

I class bypass oil-sludge separator NS30/90	30-90 l/s
I class oil separator NS40	40 l/s
I class oil-sludge separator NS40	40 l/s
I class bypass oil separator NS40/120	40-120 l/s
I class bypass oil-sludge separator NS40/120	40-120 l/s
I class oil separator NS50	50 l/s
I class oil-sludge separator NS50	50 l/s
I class bypass oil separator NS50/150	50-150 l/s
I class bypass oils-sludge separator NS50/150	50-150 l/s
I class oil separator NS65	65 l/s
I class oil-sludge separator NS65	65 l/s
I class bypass oil separator NS65/195	65-195 l/s
I class bypass oil-sludge separator NS65/195	65-195 l/s
I class oil separator NS80	80 l/s
I class oil-sludge separator NS80	80 l/s
I class bypass oil separator NS80/240	80-240 l/s
I class bypass oil-sludge separator NS80/240	80-240 l/s
I class oil separator NS100	100 l/s
I class oil-sludge separator NS100	100 l/s
I class bypass oil separator NS100/300	100-300 l/s
I class bypass oil-sludge separator NS100/300	100-300 l/s
I class oil separator NS150	150 l/s
I class oil-sludge separator NS150	150 l/s
I class bypass oil separator NS150/450	150-450 l/s
I class bypass oil-sludge separator NS150/450	150-450 l/s
