Dear Elina Andrijevskaja,

Thank you for your question.

Yes, we can confirm that a driving license issued by Estonia meets the requirements set in the Identity Documents Act § 2(1), § 4(1) and § 4(2) and is used in Estonia as an identity document.

The Identity Documents Act regulates only the identity documents issued by Estonia. Driving licenses issued in a foreign state which are recognized by Estonia are defined in the Road Traffic Act [§ 99](#). But we suggest you to turn with the question of accepting other EU or third country's driving licenses to the Ministry of Climate or to the Estonian Transport Administration as this question is not under the responsibility of Ministry of Interior.

Kind regards,

Elen Kraavik
