Invitation to Visit Estonia

Your Excellency,

Please allow me to extend to you my warm greetings from Estonia. Our countries have enjoyed excellent bilateral relations, highlighted by digital cooperation. I would also like to thank you for your contribution in facilitating the high level visit of the Estonian business delegation to Oman in November 2023.

I am confident that our cooperation will only keep growing and strengthening in the years to come.

With the view to wish enhancing the partnership between Estonia and Oman, especially in the technology area, I am delighted to invite you and accompanying business delegation from Oman to visit Estonia in April.

It would give us a chance to further discuss ideas as well as set up meetings with Estonian and Omani businesses. I sincerely believe that the visit would create an excellent platform for discussing innovation, sharing the best ideas, and learning from each other.

I highly appreciate your kind consideration regarding the meeting. Please let me know of your availability.

Ms Anu Vask (Counsellor of the EU and International Cooperation) will be the main point of contact from Estonian side.

I am looking forward to welcoming you in Estonia!

With best regards,

Tiit Riisalo
Minister of Economic Affairs and Information Technology
