14.03.2024 No 1-9/742-1

Dear Leonardo Barreto

Considering the creation of the new ministry in Estonia – Ministry of Climate (Kliimaministeerium) – the Ministry of Economic Affairs and Communications (Majandus- ja Kommunikatsiooniministeerium) transfers its responsibilities regarding the Concerted Action supporting the transposition and implementation of Directive 2018/2001/EC on the promotion of the use of energy from renewable sources (CA-RES4) to the energy department of Ministry of Climate.

Therefore, with this letter, the Ministry of Economic Affairs and Communications agrees with being terminated from the Grant Agreement concluded for Concerted Action supporting the transposition and implementation of Directive 2018/2001/EC on the promotion of the use of energy from renewable sources (CA-RES4) as a beneficiary.

With best regards,
