We hereby request access to restricted data from the Estonian Traffic Register, specifically vehicle owner and user information, as well as vehicle make, model, first registration date, and Euro emission standard, in order to fulfill the legitimate interests and obligations of our company.

Our request is based on the following legal and operational grounds:

1. Purpose of Use:

The data will be used strictly for the purpose of vehicle identification, ownership verification, and legal claim processing (e.g., debt collection, contract enforcement, or damage liability review). Additionally, the data is required for notifying vehicle drivers or owners about traffic violations, outstanding fines, or legal claims. Accurate and verified data is essential for ensuring legal compliance and safeguarding our company's rights.

2. Legitimate Interest:

We are processing the data on the basis of our legitimate interest in resolving claims involving specific vehicles and their registered owners/users. This processing is necessary and proportionate for protecting our legal position in accordance with GDPR Article 6(1)(f).

3. Legal Obligation (if applicable):

In cases where our request relates to enforcing court decisions, contractual disputes, or legal investigations, access to this data may also fall under legal obligations to which we are subject (GDPR Article 6(1)(c)).

4. Data Protection Compliance:

We are committed to fully complying with data protection regulations. All data obtained will be processed securely, used solely for the above-mentioned purposes, and will not be retained or disclosed beyond what is necessary for the fulfillment of our tasks.

5. Security Measures:

Access to the data will be restricted to authorized personnel only, and we have implemented organizational and technical measures to ensure confidentiality, integrity, and security of personal data in accordance with applicable laws.

We kindly ask for approval of access to the restricted data group as outlined in the Agreement's Annex 1.

Sincerely,

Audrius Astrauska
