**To the Minister of Finance
of the Republic of Estonia**
Mr. Jürgen Ligi
Suur-Ameerika 1, Tallinn 10122

Dear Mr. Jürgen Ligi,

The Ministry of Finance of the Kyrgyz Republic presents its compliments and kindly requests your consideration of the possibility of organizing a study visit for representatives of the Treasury of the Kyrgyz Republic to learn from Estonia's experience in the automation and digitalization of treasury business processes.

Estonia is rightfully recognized as one of the leading countries in the field of digital public administration, and the experience of your country in implementing modern information solutions in the budget process and treasury operations is of great interest to us. During the visit, the Kyrgyz side would be particularly interested in obtaining information on the following aspects:

- digital platforms and tools used in public financial management;
- the structure and operational principles of the automated treasury system;
- practical experience in integrating electronic services into interagency processes;
- regulatory and procedural documents governing treasury operations, among others.

The Ministry of Finance of the Kyrgyz Republic would greatly appreciate your kind and timely consideration of this proposal and, in the event of a positive response, stands ready to coordinate with the Estonian side on convenient dates and the preferred format of the visit.

Taking this opportunity, we would like to express our confidence in the continued development of cooperation between our ministries and extend our sincere gratitude for your attention and support.

**Yours sincerely,
Minister of Finance
of the Kyrgyz Republic**

A.K. Baketaev
