Operational rules (Annex II)

1. Programme summary

This Annex sets out the operational rules for the programme. The Programme Agreement is based on the MoUs, the Concept Note, and comments made by the FMC. Commitments, statements and guarantees, explicit as well as implicit, made in the Concept Note, are binding for the National Focal Point and the Programme Operator unless otherwise explicitly stipulated in the annexes to this Programme Agreement.

The Programme Operator is the Ministry of the Interior of Estonia. Certain tasks of the Programme Operator may be delegated to the Grants Implementing Department of the State Shared Service Centre, however this does not in any way reduce or restrict the responsibility of the Programme Operator. The Norwegian Directorate for Civil Protection shall act as Donor Programme Partner.

The objective of the Programme “Crisis Preparedness” is to enhance Estonia’s national crisis preparedness and resilience. The Programme contributes to this objective through two Outcomes, implemented through a combination of calls for proposals and pre-defined projects.

Outcome 1 “Strengthened institutional and societal capacity for civil protection, disaster preparedness, and resilience in safeguarding culture heritage” shall be addressed through two pre-defined projects (pre-defined project 1 and pre-defined project 2).

Pre-defined project 1 shall strengthen Estonia’s crisis preparedness and resilience by combining technological innovation, community engagement and institutional cooperation in modernising the public warning system, improving civil protection and sheltering and introducing AI-based tools to enhance crisis communication.

Pre-defined project 2 shall strengthen the resilience of Estonia’s cultural heritage sector through an integrated approach combining capacity building, digitisation and sustainable infrastructure to establish an evacuation readiness plan, enhance coordination between different stakeholders and digitise theatrical performances.

Outcome 2 “Strengthened resilience and inclusive participation of civil society and local communities in crisis preparedness and governance” shall be addressed through two open calls (call 1 and 2) and one pre-defined project (pre-defined project 3).

Call 1 shall support community-centred governance by funding initiatives that organize participatory local processes, build the capacity of community leaders and municipal officials, facilitate peer-learning exchanges, implement feedback mechanisms, and pilot inclusive governance models such as community councils and participatory platforms, thereby strengthening local ownership, civic engagement, community resilience, and crisis preparedness.

Call 2 shall focus on the development of community-centred crisis preparedness by building civil society capacity, establishing structured networks linking NGOs, local governments, residents and volunteers, and embedding participatory governance and advisory support through community coordinators to ensure communities are resilient, coordinated, and able to respond effectively to crises.

Pre-defined project 3 shall establish a nationwide network of community coordinators, building on the existing NGO and civil society advisory service, to facilitate local governance, strengthen community networks, promote civic participation, and enhance community-level crisis preparedness and resilience.
