

## **14th EUROPEAN ELECTRONIC MONITORING CONFERENCE Electronic Monitoring in a Changing World – Perception versus Reality**

**6-8 October 2026  
Antalya, Türkiye**

Dear colleague,

I would hereby like to invite you to the 14<sup>th</sup> CEP Conference on Electronic Monitoring (EM) taking place from 6 – 8 October 2026 in Antalya, Türkiye.

CEP organizes this event in close collaboration with the General Directorate of Prisons and Detention Houses Türkiye.

As Electronic Monitoring becomes increasingly embedded in justice systems across Europe and beyond, its applications extend into ever more complex territory: high-risk supervision, victim protection, digital transformation, and emerging biometric technologies. These developments generate significant expectations, but they also raise pressing questions about effectiveness, proportionality, ethics, and the human relationships that remain at the heart of just outcomes.

This year's programme will bring together practitioners, researchers, policymakers, victims' organisations, and technology experts for three days of plenaries, workshops, and thematic discussions. Delegates will explore the gap between perception and practice; the experiences and needs of victims; the role of digital tools in human-centered justice and the opportunities and risks posed by biometric innovation across diverse cultural contexts.

### **Programme and Venue**

The conference will be of interest to policy makers, project managers, practitioners, judges and prosecutors, lawyers, data protection officers and academics. The attached program includes plenary sessions as well as workshop sessions which will be derived from the plenary sessions and a CEP EM café session. Besides these sessions, the programme also provides valuable time for networking with other delegates.

The conference will take place at the ATGV Antalya, Education and Social Facility of the Ministry of Justice in Türkiye ([Antalya Judge's House](#)) in beautiful Antalya.

### **Registration and payment**

To register for the conference and for more information, please visit the [14th Electronic Monitoring Conference – CEP – Probation](#) ([www.cep-probation.org](http://www.cep-probation.org)) and click on this [link](#) to the registration form. After having registered you will receive a confirmation and an invoice for the conference fee.

The "Early Bird" registration is open until the **1<sup>st</sup> of May 2026**, and the conference fee is € 200 for CEP members, € 400 for non-CEP members, € 600 for private organizations, payable in advance by credit card.

The fee includes all lunches and coffee breaks during the conference, a reception with musical entertainment, a social programme and a dinner at a Turkish culinary restaurant.

The conference is taking place at the ATGV Antalya Education and Social facility and we highly recommend to stay at the ATGV facility for logistical and networking purposes. A special price was negotiated for the accommodation of € 120 per person per night. Delegates will be able to book their accommodation at the ATGV Antalya facility via this [link](#) on the CEP website.

About two weeks before the event, delegates will be sent a conference pack containing the final version of the conference programme, preliminary reading, the list of participants and logistical details.

Please bare in mind that the final closing date for registration is 21<sup>st</sup> of September 2026.

**Please note:**

This event is sponsored by the following organisations: Allied Universal Electronic Monitoring, Buddi, Enigma, EnkoNet, GeoSatis and SCRAM systems. They will be exhibiting their latest equipment at the conference and talking to you about their services and new developments.

If you wish, your contact details will be forwarded to these companies so they can send you their promotional materials in advance, so this will enable you to prepare for your visit to their stands. We hope that it will also prevent returning from the conference with a suitcase full of brochures. If you wish to be approached by these companies, please tick the appropriate box on the registration form.

On behalf of the EM Expert Group I hope that you will be able to attend the 14<sup>th</sup> Electronic Monitoring conference and I look forward to meeting you in Antalya, Türkiye.

Sincerely,

Jana Spero Kamenjarin  
Secretary General CEP
