

Ad hoc workshop to exchange information on increase of STIs in EU/EEA, in particular among young heterosexuals

Participants:

STI Network

ECDC

WHO EURO

Objective:

The objective of the meeting is to facilitate a discussion to review what has been done or is being planned, in three main areas:

1. Understanding the underlying drivers behind this increase (e.g. behavioural data, data from WGS, network analyses)
2. Understanding the potential impact (projects designed to capture outcomes/impact – e.g. PID through hospital data, modelling studies)
3. Response (e.g. messaging, information campaigns, channels used)
