

Customer Connect with us
Since-1998

Quality Solutions (India) [Q.S.I.] is a state-of-art test equipment calibration facility equipped with international traceable and high precision master instruments to serve customers with an exhilarating calibration experience. We provide calibration and testing services on portable and fixed test and measuring equipment. We will maintain your test equipment according to the manufacturers or customer's recommendations. We provide written documentation of all services and calibrations performed.

QSI is accredited to **ISO/IEC 17025:2017** by **NABL (National Accreditation Board for Testing and Calibration Laboratories)**, which is a **Constituent Board of Quality Council of India**. The management system requirements in ISO/IEC 17025:2017 are written pertinent to laboratory operations.

This allows QSI to provide state-of-the-art that precisely measure scale, flow, weight, pressure, vacuum, temperature and calibrate almost any mechanical, or dimensional instrument, and many more parameters.

Lab Calibration Services- When looking for laboratory calibration services, you want one state-of-the-art laboratory that can help you meet all your business requirements. That's just what we will deliver to you.

Onsite Calibration Services- For the ultimate convenience, choose onsite calibration services from QSI. Our expertise will handle all aspects of onsite calibration services, from scheduling to document delivery.

Annual Maintenance Contract (AMC) to ensure against any possible malfunctioning. You can choose out of the various schemes.

QSI covers more than 80 % of industries of North India and has its presence in Gujarat, Kolkata, Tamil Nadu, Assam becoming market leader for instrument calibration and first preference of global customers.

QSI has been now serving in UNOPS which is the operational arm of the United Nations-UN, serving our customers globally in the field of Automation, Pharmaceutical and FDA industry.

Quality Solutions (India) has also been awarded with **National Award for Outstanding Entrepreneurship in MSME (Service) in 2012.**
