Good Morning Director Kuuse,

Hope you are well?

My name is Leigh Harrison, I am a custodial officer currently serving within the New South Wales penal system (CSNSW) in Australia. My contact details are given in the signature block below.

I am seeking to catalogue and archive sleeve patches for Prison services from all around the world, as such I would ask for your permission to obtain these patches, as issued in Estonia please.

Standard issue

Dog Squad

???

I do not expect these for free, I am happy to reimburse the department for any cost involved (such as production, pack and post).

Also shown at right is a patch with a key under sunrise. Can you advise if this is was ever official issue in Estonia, if so when was it deleted from service?

As a token of good will between our agencies, I have attached a pair of our Department's sleeve patches.

Thank you for your consideration.
