Investopia Global - Nordic

Your Excellency,

Thank you for your kind letter and for the opportunity to participate in the World Government Summit as well as the insightful and exclusive retreat You organized. It was a privilege to engage in meaningful discussions with distinguished leaders in Dubai. I am pleased to learn about positive movements regarding bringing **Investopia Global – Nordic** to Tallinn.

I am convinced that my capital will be the perfect setting for launching this flagship conference in our region, combining the UAE's future-focused economy and its role as a global investment hub with Estonia's renowned digital innovation, entrepreneurial spirit, and seamless business environment. I look forward to bringing together business and government leaders from the UAE and the Nordics, exchanging insights, and identifying opportunities to advance our shared goals—particularly in shaping a sustainable and prosperous future. I have nominated H.E. Ambassador Maria Belovas as the point of contact for the time being, trusting in her ability to drive this project forward with passion and determination.

A final key point: I am truly enthusiastic about hosting Your Excellency in Estonia and showcasing our success stories in the circular economy and other areas of mutual interest. I am confident that this visit will be a pivotal moment in elevating our economic relationship to the next level.

I look forward to working closely with you on this.

With best regards

Erkki Keldo  
Minister of Economy and Industry
