Please, consider truly crossregional World Championships in lieu of protected and rationed titles. UEFA's government conduct call is essential.

Soviets and Russians are right on best players' neutrals for ice hockey. Odd Februaries' Europewide 16-nation knockouts warrant Games in North America. 2nd tier clubs' utmost functions via 4-match inter- and intracontinental tours. Exclusion here impacts elite and common man.

This is how FIFA Champions League is also feasible. We need more regulars for contesting our domestic leagues. At least, biannual FCWC allows others challenge our giants. Women's EU and NA Final 4 clubs zenith visiting each other. 1+2 teams advance to final stages at emerging human rights countries.

Winter's Euro medalists, Copa finalists as well as Gold Cup, ACN and Asian winners ought to meet round-robin following summer. The matches play similarly from Narendra Mori and Rungrado to Azteca and Lusail stadia. Doing same thing as World Cup worse is no option.

Rugby yearns for 6 Nations' premier to face Southern Hemisphere's ruler. Both advance to the 3 finals after winning 1-off at a challenger country. 4-year intervals prevent weighing superiorities. I wished 5 Rings took the role of 5-8-nation all-play-all.

MLB needs also be invited here for resolving World Baseball Classic and Allstar game. Stolen advantages bring shame likewise to Canada Cup hosts. Finnish baseball ought to contest our Allstars at willing American municipalities. Only winning teams get paid for motivation. Regular seasons are a boneheaded choice over all these.

With All the Best Hopes
