

REPUBLIC OF ESTONIA  
MINISTRY OF ECONOMIC AFFAIRS  
AND COMMUNICATIONS

José Miguel Campos  
Director  
JD Services

Your Ref: 03.10.2024 and 18.10.2024

Our Ref: 23.10.2024 No 9-2/2478-3

Answer to request

Dear Mr Campos,

We received Your request regarding Directive (EU) 2022/2555 of the European Parliament and of the Council (NIS2 Directive) and its transposition to Estonian law.

We are currently in the process of drafting the national legislation that shall make amendments to our national laws (primarily to our Cybersecurity Act<sup>1</sup>) in order to transpose NIS2 Directive. Said draft shall be made public before the end of this year at the relevant national portal called Eelnõude Infosüsteem<sup>2</sup>. This step is the public consultation phase.

We have also received the statement<sup>3</sup> that was signed by multiple parties on transpositioning of NIS2 Directive. Said statement contains several aspects that we have already taken into account when drafting the relevant legislation that transposes the NIS2 Directive, including the need to set a grace period for those new entities that shall need to adhere to our national law.

With best regards,

Erik Janson  
State Communications Technology Adviser  
in the duties of the Deputy Secretary-General for Digital Development
