Subject: Invitation to attend Tallin Digital Summit, 19-20 November

Dear Minister Riisalo,

Thank you for your letter of 17 July, inviting me to the Tallin Digital Summit, Estonia's flagship digital policy event, taking place on the 19 to 20 November.

Unfortunately, the event will take place during a particularly critical period of the transition process for the new Commission and my presence in Brussels during this time is essential.

I very much regret therefore that I will not be able to attend the Summit.

I wish you a very successful event,

Yours faithfully

Roberto Viola
Director General
