

## Who we are

The General Directorate for European Transport Projects (DGPET), operating under the Ministry of Transport and Infrastructure of Romania, is responsible for managing EU-funded transport infrastructure projects that enhance national and international connectivity.

## Our Mission

We are dedicated to efficiently implementing and monitoring over 200 strategic projects that transform Romania's road, rail, metro, inland waterways, and multimodal transport systems.

## Key EU Funding Programs we manage

- Transport Program 2021-2027 – Supporting sustainable and efficient mobility, as Management Authority: European Regional Development Fund (ERDF) & Cohesion Fund (FC).
- PNRR (National Recovery and Resilience Plan) - "Funds for a Modern and Reformed Romania!"
- Modernization Fund - Accelerating transport decarbonization and eco-friendly initiatives
- CEF(Connecting Europe Facility) - Enhancing cross-border transport connectivity.

## Our Impact

- Over 30 billion EUR in EU funds managed 2021-2027
- Advancing strategic investments in the TEN-T core and comprehensive network to enhance seamless European connectivity and regional integration.
- Ensuring efficiency, compliance, and impactful infrastructure transformation

**Together, we shape the future of transport!**
